

06/06/2025

To whom it may concern,

FertiPro NV updated the instructions for use of SpermMar Test IgG. A summary of the changes is listed in the table below.

Instruction for use	SpermMar Test IgG
Previous version	FP09 I02 R01 F.3
New version	FP09 I02 R01 G.1
Changes	- Separation of information on SpermMar Test IgG Positive and Negative control from the SpermMar Test IgG. - Removal of '5 times' in the protocol. - The distinction between the Single kit and the Complete kit is made more clear. - Update of the QR code to include the new instruction video on SpermMar Test IgG. - All other languages than English: general update in layout.
